INTRODUCTION

In 2011-2018 (latest available data),¹ the EU authorized grants of **at least €25 million** to non-governmental organizations (NGOs) with ties to EU-designated terrorist groups.

- NGO Monitor has identified 23 grants, totaling €25 million in funds, provided to terror-tied NGOs, including the Union of Agricultural Committees (UAWC), Union of Palestinian Women's Committees (UPWC), Al-Dameer, Defense for Children International-Palestine (DCI-P), Health Work Committees (HWC), Bisan Center, Palestinian Center for Human Rights (PCHR), Al-Haq, and the Palestinian NGO Network (PNGO).
- For example, one grant of €699,236 (2017-2019) went to five Palestinian organizations, four of which have ties to the Popular Front for the Liberation of Palestine (PFLP) terrorist group. In December 2019, the Israeli media reported that the Israel Security Agency [arrested](#) a 50-person terror network operating in the West Bank allegedly responsible for the bomb attack that murdered a teenager in August 2019. Among those arrested were three senior employees of NGO beneficiaries to this EU grant, including financial officers.

For years, NGO Monitor has documented how a lack of clear and comprehensive policies, as well as a lack of sufficient oversight, allows for EU funds to be distributed to projects that involve terror linked, hateful and/or antisemitic beneficiaries.

This problem has become more urgent over the past six months. In December 2019, during a meeting with EU officials, representatives from Palestinian NGO Network (PNGO) – an umbrella organization of 142 Palestinian NGOs – [“refused to sign an EU grant request](#) which stipulates among its criteria that beneficiaries must refuse to transfer any EU aid given to terrorist groups or entities...claiming Palestinian terrorist groups are merely ‘political parties.’”

The new EU requirement, introduced into contracts with NGOs beginning in 2019, states that “Grant beneficiaries and contractors must ensure that there is no detection of subcontractors, natural persons, including participants to workshops and/or trainings and recipients of financial support to third parties, in the lists of EU restrictive measures” (General conditions, Annex G.2, Annex II, Article 1.5 bis). In the Palestinian context, the list of EU restrictive measures includes Hamas, Izzedine al-Qassam Brigades, Al-Aqsa Martyrs Brigade, Islamic Jihad, and the Popular Front for the Liberation of Palestine (PFLP).

According to various reports, a number of European officials have responded sympathetically to PNGO's complaints:

- Then Acting EU Representative in Ramallah Tomas Niklasson in the abovementioned [December 2019 meeting with PNGO](#).
- Palestine Desk Officer of European External Action Service Paloma Portela and Francesca Pessina from the European Commission Department for International Cooperation and Development

¹ The EU is expected to publish information on projects that began in 2019 in July 2020.

(DEVCO), in a January 22, 2020 meeting in Brussels with officials from Palestinian NGOs.

- The head of the EU Representative Office to the West Bank and Gaza, sent a March 2020 [“clarification letter regarding the EU-funded contracts”](#) to PNGO, stressing that “it is understood that a natural person affiliated to, sympathizing with, or supporting any of the groups or entities mentioned in the EU restrictive lists **is not excluded from benefiting from EU-funded activities**, unless his/her exact name and surname (confirming his/her identity) corresponds to any of the natural persons on the EU restrictive lists” (emphasis added).

The implication is that, even if a Palestinian NGO applying for EU grants is an affiliate of EU-designated terrorist groups or employs individuals from these groups, the EU will still provide the organization with funds and legitimacy.

In May 2020, there was extensive media coverage of the March 2020 clarification letter, and Members of the European Parliament and civil society organizations expressed major concern. Then, during a May 19, 2020 meeting of the European Parliament Committee on Foreign Affairs (AFET), Commissioner for Neighborhood and Enlargement Olivér Várhelyi stated that he had instructed the heads of EU delegations to Israel, the West Bank, and Gaza to “look deep” in to the allegations that some EU funds go to terror-linked or -supporting NGOs, declaring that such funding “will not be tolerated.”

On June 1, 2020, EU Ambassador to Israel Emanuele Giaufret [insisted](#) in a media interview that the EU “does not support organizations linked to the Popular Front. If there is evidence of improper use of EU funds, we will investigate it.”

EU FUNDING TO WATC

In addition to the above-listed grants, in December 2014, the EU authorized a [€499,735](#) grant for a 30-month project titled “My Right to My Future - Women's Participation in Peace Building and Conflict Resolution - My Right.” The project, funded via the EU Partnership for Peace Programme, was implemented by the Palestinian NGO Women’s Affairs Technical Committee (WATC) and the international NGO CARE.

In May 2017, apparently during the EU grant period,⁵ WATC inaugurated a youth center for girls in the town of Burqa, near Nablus. As reported by [Palestinian Media Watch](#), the center was named after Dalal Mughrabi, a terrorist who in 1978 murdered 37 civilians, including 12 children.

Funding for this building was provided by Norway, UN Women (United Nations Entity for Gender Equality and the Empowerment of Women), and Palestinian Authority Ministry of Local Government. Upon learning that the center had been named after a terrorist, the [Norwegian government](#) and the [United Nations](#) issued [strong condemnations](#). Norwegian [Minister of Foreign Affairs Børge Brende](#) stated that “We have asked for the logo of the Norwegian representation office to be removed from the building immediately, and for the funding that has been allocated to the centre to be repaid.”

⁵ According to CARE, the project [started in May 2015 and ended in September 2017](#).

EU Funding to Terror-Tied NGOs

2011-
2019

In 2011-2019 (latest available data), the EU authorized grants of at least €37 million to non-governmental organizations (NGOs) with ties to EU-designated terrorist groups.

SIGNIFICANT DEVELOPMENTS

2019

The EU introduces **a new requirement in its contracts with NGOs**, under “General conditions applicable to European Union-financed grant contracts for external actions” (Annex G.2, Annex II, Article 1.5 bis), stipulating that “Grant beneficiaries and contractors must ensure that there is no detection of subcontractors, natural persons, including participants to workshops and/or trainings and recipients of financial support to third parties, in the lists of EU restrictive measures.” In the Palestinian context, the list of EU restrictive measures includes Hamas, Izzedine al-Qassam Brigades, Al-Aqsa Martyrs Brigade, Islamic Jihad, and the Popular Front for the Liberation of Palestine (PFLP).

DECEMBER
2019

According to media reports, during a December 2019 meeting with EU officials, representatives from Palestinian NGO Network (PNGO) – an umbrella organization of 142 Palestinian NGOs – **refused to sign** an EU grant request which stipulates among its criteria that beneficiaries must refuse to transfer any EU aid given to terrorist groups or entities...claiming Palestinian terrorist groups are merely ‘political parties’” (emphasis added).

DECEMBER
2019

According to the European Legal Support Center (ELSC), a Netherlands-based initiative of PNGO and Rights Forum, then **Acting EU Representative in Ramallah** Tomas Niklasson told PNGO, “Given that there is no individual Palestinian included in the EU (anti-terror) list; the obligation not to transfer funds to any of the seven Palestinian organisations currently on the list does not create any additional obligation for civil society organisations (beyond their obligations under domestic legislation) and that there is no obligation or expectation from the EU’s side that we would discriminate against a person based on political affiliation.”

DECEMBER
30, 2019

Multiple Palestinian NGOs, including PNGO members, launch a “Palestinian National Campaign to Reject Conditional Funding,” **renouncing the EC’s “conditioned funding” and “so-called anti-terrorism clauses and policies...**on preventing terrorism that affect the history and struggle of our people” (emphasis added), justifies the use of violence and claims that the “Palestinian resistance factions are not terrorist organizations.”

JANUARY
20, 2020

During a **meeting between officials from Palestinian NGOs and EU representatives in Brussels**, the EU’s appeasement message is reiterated. According to ELSC, Palestine Desk Officer of the European External Action Service Paloma Portela and Francesca Pessina from the European Commission’s Department for International Cooperation and Development (DEVCO) told the NGO officials that “the [anti-terror] clause did not impose new nor different obligations on EU beneficiaries in Palestine.”

MARCH 3,
2020

ELSC publishes a memo analyzing the anti-terror clause and assessing, like the EU representatives, that “**the inclusion of this clause will not have any tangible effect on Palestinian Civil Society Organizations**” (emphasis in original).

MARCH 30,
2020

The EU Representative Office to the West Bank and Gaza sends “clarification letter regarding the EU-funded contracts” to PNGO. In it, the EU diplomats appear to **give in to Palestinian pressure and effectively annul EU regulations** that prohibit the transfer of EU funds to terror groups or individuals connected to these groups (what Palestinian NGOs label “political parties” and “resistance factions”).

APRIL 30,
2020

NGO Monitor sends a letter to the President of the European Commission regarding the EU anti-terror clause and demonstrating that there are **direct connections** between “natural persons” employed by or serving on the boards of **some of EU-funded NGOs and the PFLP terror organization**.

MAY 6,
2020

The March 30 EU letter is made public in Israeli media, and the EU Ambassador to Israel is summoned for a demarche at the Israeli Ministry of Foreign Affairs.

MAY 7,
2020

The Palestinian NGO BADIL, which initiated the “Palestinian National Campaign to Reject Conditional Funding” and claims to be a PNGO member, publishes a “Position Paper: European Union Conditional Funding: Its Illegality and Political Implications.” According to the paper, “The current **counter-terrorism framework** imposed on Palestinian civil society by means of Article 1.5 bis criminalizes the Palestinian people’s struggle for their right to self-determination, contributes to the de politicization and alienation of Palestinian civil society, and **neglects the Palestinian people’s right to legitimate resistance**” (emphasis added).

AJC Transatlantic Institute issues statement calling “for an emergency hearing in the European Parliament’s Foreign Affairs Committee and a comprehensive review of the standards and criteria by which the bloc provides NGO funding in general and specifically to Palestinian groups.”

MEPs table parliamentary questions, including on the “use of European funds by entities and persons associated with terrorist organisations.”

As reported by AJC Transatlantic Institute, the leadership of the Transatlantic Friends of Israel, **a cross-party group of MEPs in the European Parliament**, sends a letter to High Representative and Vice-President of the European Commission Josep Borrell Fontelles calling for clarification and an investigation.

MAY 8,
2020

MAY 19,
2020

European Parliament Committee on Foreign Affairs (AFET), **Commissioner for Neighborhood and Enlargement** Olivér Várhelyi states that he has **instructed** the heads of EU delegations to Israel and West Bank/ Gaza to “look deep” in to the allegations that some EU funds go to terror-linked or -supporting NGOs, declaring that such funding “will not be tolerated.”

JUNE 9,
2020

European Commission President’s office responds to NGO Monitor letter (April 30, 2020) clarifying that **“these [safeguards] rules make the participation of entities, individuals or groups affiliated linked or supporting terrorist organisations incompatible with any EU funding. If there is clear evidence that any organisation has made an inappropriate use of EU funds, the European Commission will take the appropriate measures such as recovery of the funds, exclusion of the entity from future EU financing, prosecution, etc”** (emphasis added).

JUNE 16,
2020

The EU withdraws from contract negotiations regarding a €1.7 million grant to radical Palestinian NGO “BADIL” after **the group refused to sign an EU contract with the new anti-terror requirement.**

JUNE 25,
2020

High Representative and Vice-President of the European Commission responds to the MEP letter of May 8, 2020, stating that “in addition, tender procedures and calls for proposals contain clear exclusion criteria that prevent any person or entity guilty of terrorism financing or terror related offences (including inciting, aiding, abetting or attempting to commit such offences) from receiving EU funds. Furthermore, **specific clauses have been introduced in individual grant agreements, obliging every beneficiary managing EU funds to refrain from engaging in incitement to violence or hatred. These rules make the participation of entities, individuals or groups affiliated, linked to or supporting terrorist organisations incompatible with any EU funding**” (emphasis added).

Following BADIL’s rejection of EU funding conditions (June 16, 2020), Dan Church Aid press chief Poul Kjar tells *Weekendavisen* that “in correspondences with BADIL, **DanChurch Aid decided that cooperation must cease**” (emphasis added).

JUNE 29,
2020

The PFLP terror organization issues a statement calling “**upon the institutions to adopt a unified position rejecting the European Union’s financing conditions**” (emphasis added).

JULY 8,
2020

European TV channel ARTE/ARD broadcasts a report (available in [French](#) and [German](#)) on the refusal of Palestinian NGOs to sign contracts with the EU over the new EU anti-terror requirement. According to ARTE/ARD, at least six Palestinian NGOs refused EU funds to date.

JULY 20,
2020

In an answer to a parliamentary question regarding Dutch government funding to the PFLP-linked Union of Agricultural Work Committees (UAWC) and “[subsidizing a Palestinian organization with terrorist ties](#),” Minister of Foreign Affairs Blok and Minister of Development Cooperation Sigrid Kaag **inform the House of Representatives that Dutch funding to UAWC paid part of the salaries of two PFLP terrorists. Kaag also announced that the Netherlands will suspend funding to the UAWC and launch an investigation into the organization.**

JULY 28,
2020

Israel Alternate Prime Minister and Minister of Defense Benny Gantz [posts details](#) about his meeting with the EU Ambassador to Israel: “We also discussed the **imperative for the EU and its member countries to better supervise grants to Palestinian civil society to ensure that they are not misused to finance terror infrastructure.** I stated that the MOD and I view **this issue to be of importance and that we are interested in advancing strategic cooperation with the EU on this matter.** We agreed to continue working together to advance dialogue in the region” (emphasis added).
